## What is rugby?

a team game played with an oval ball that may be kicked, carried, and passed from hand to hand. Points are scored by grounding the ball behind the opponents' goal line (thereby scoring a try) or by kicking it between the two posts and over the crossbar of the opponents' goal.

# Ilona Maher joins Bristol Bears

Ilona Maher is an American rugby player and captain of the U.S. women's rugby sevens team; she is also a Olympic star, who has been in the Tokyo and Paris Olympics and won a bronze medal in the 2024 Paris Summer Olympics for the United States.

She gained public recognition when she went on *Dancing With The Stars*, then sang *Surface Pressure* from the popular Disney movie *Encanto*. She came second place with her partner Alan Bersten who is a professional dancer.

Ilona has also recently joined the Bristol Bears. (A women's rugby team based in Bristol, England) She will be with them until the end of the season. She made quite the impression from helping the Bristol Bears win 43-31 to the Exeter Chiefs to breaking her nose in a match. Ilona Maher was recently asked about Impostor Syndrome in an interview, and she replied she does not suffer from it because "it's okay to be proud of what you've done, and it's okay to believe you deserve something because you've put in the work for it."

## Plas Pencelli

On the week from Sunday the 12<sup>th</sup>, to Friday 17<sup>th</sup>, a group of brave year 9's went to the Plas pencelli for the week and did lots of different activities. Some were during the day, and some were during the night such as swimming, a night walk and a scavenger hunt.

In the day they did lots of activities such as mountain walking, canoeing, rock-climbing, and my personal favourite, caving. If you are in year 8 and you are planning to attend next year, I would take much more clothes than they recommend because you'll be getting wet every day.

## All about...

No, this Kandi isn't the American word for sweets, it's a type of bead and elastic.

The type of beads are called Pony beads which are made of plastic, and you can use any type of elastic. You can make stars, cuffs, flowers, bracelets and more!

Kandi evolved from Friendship bracelets, and the idea came from the edible necklaces, watches and bracelets. Like friendship bracelets, you can trade them. Initially a symbol of peace and connection within the rave culture of the 1990s, Kandi found its first major stage at music festivals. These festivals, characterized by their eclectic mix of electronic dance music (EDM), became the breeding ground for kandi culture. Kandi is normally traded at raves, and when you trade them you say Peace, Love, Unity and Respect.

### Ingredients:

75g (3oz) butter at room temperature  
175g (6oz) light brown sugar  
1 egg  
150g (5oz) plain flour  
100g (3 ½ oz) white chocolate  
100g (3 ½ oz) milk chocolate

### Reviews from the team:

Kat- "They were very nice."  
Ava- "Tasty."  
Mollie- "They were very delicious."  
Mr's Pickup- "Succulent and satisfying."  
Judah- "They were very good. Become a chef."

### The recipe:

- 1) Beat the butter and sugar in a bowl until pale and creamy.
- 2) Stir in the egg and flour, mixing until smooth.
- 3) Stir in the chopped chocolate/choc chips.
- 4) Spoon mounds of mixture onto a lined and greased baking tray (remembering the mixture spreads out as it bakes!) and cook for 8-10 minutes - you may have to repeat this step multiple times.
- 5) When the cookies are out of the oven, leave them to cool before transferring to a wire rack.
- 6) Enjoy your home-made cookies!! They are best eaten when fresh – be careful not to burn your mouth though!

Top tip: For triple chocolate cookies, add 2 tablespoons of cocoa powder with the flour and eggs.

(This recipe can be altered for allergies or intolerances.)

Enjoy!
