Dear Parents/Carers,

As you will be aware, young people spend a large amount of time online through various devices such as their phone, tablet, gaming device etc. Keeping them safe is very important and significant focus is put on this through our PSRE programme and also through tutor work. For the last few years, we have worked in partnership with the Stay Safe initiative to provide our Year 7 and 9 students with a talk on digital empowerment and online safety.

This year, the Stay Safe initiative have offered an **online workshop for parents**, "Parenting in the Digital World". This is open to all Sheldon parents/carers and will look at some of the things that young people are doing online and how parents/carers can support them to keep safe.

Date – Thursday 6th June

Time – 7pm

Venue – Zoom

Full details about how to join are on the attached leaflet from the Stay Safe Initiative.

Many thanks.

Yours faithfully,

John Rumble

Assistant Headteacher – Designated Safeguarding Lead
